

CALIFORNIA MONTESSORI PROJECT

CAPITOL CAMPUS

Serving Kindergarten through Eighth Grade

Bernie Evangelista, Principal

Executive Director's Message:

California Montessori Project (CMP) is a public charter school network (K-8) serving over 2100 students on seven campuses located throughout the greater Sacramento area. Previously sponsored by the Wheatland School District from 2001 through 2006, CMP currently operates under four charter

authorizers: Buckeye Union, Elk Grove Unified, Sacramento City Unified and San Juan Unified School Districts. CMP campuses are located in Shingle Springs, Elk Grove, Sacramento, Fair Oaks, Orangevale and Carmichael.

The Montessori philosophy states that a child has an innate desire to learn and produce purposeful, meaningful work. Dr. Maria Montessori believed that the role of an adult in a child's education is to provide an appropriate environment, complete with tools and methods, to facilitate the child's own discovery of knowledge and skills at the time when it has the most impact for him/her as an individual. This system has a foundation based on trust and respect of the individual, and a belief that children will soar beyond traditional expectations.

California Montessori Project offers an environment which has the tools, programs, resources, and support to enable students to become educated to high academic standards, and to develop themselves to their fullest capacity as competent, happy, productive individuals, family members, employers/employees, and contributors to a better society and a peaceful world. This is achieved through a strong commitment from the parents, teachers, school leaders, community groups, legislators and, most importantly, the individual child. CMP is grounded in a philosophy of trust in individuals to seek their greatest potential.

CMP holds that an educated person is well-rounded and balanced. The CMP student shall become a collaborative member of a community, motivated to set and achieve high goals. CMP encourages students to demonstrate empathy towards others through respectful and productive communications. The student is guided to view him/herself as a global citizen who is empowered, and responsible, for making positive changes in the world within the immediate environment. The CMP student develops personal habits leading to a healthy lifestyle which includes leisure, work, family, exercise, nutrition and community.

Principal's Message:

The California Montessori Project, Capitol Campus, is a public charter school offering a high quality, tuition-free, Montessori education to kindergarten through eighth grade students, under a charter authorized by the Sacramento City Unified School District. We are accredited by the American Montessori Society (AMS) and the Western Association of Schools and Colleges (WASC). Our teachers are highly qualified and possess a California credential and a Montessori certification for the age group they are teaching and in many instances, are also trained in other levels of Montessori education.

As a Montessori school, we offer smaller class sizes and our students have individual work plans that address specific needs, while providing academic challenges at all grade levels. As a charter school, we take pride in blending California State Standards with Montessori methodology, and are proud of our student achievement, measured, in part, by a high ranking in the State's Academic Performance Index (API).

Our school mascot is the eagle and our motto is "**Eagles S.O.A.R.**" which stands for "**S**afe, **O**ffer peace, **A**lways respectful

and **R**esponsible." Peace education and character education are integral parts of our curriculum. We serve a diverse community that brings richness to our academic program. As our partners in education, parents are involved in the education of their children. Together, we educate the children and help them be responsible, respectful, contributing members of the community.

"Free the child's potential and you ,
and you will transform
him into the world."
~Maria Montessori

California Montessori Project, Capitol Campus

Every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school.

For more information about SARC requirements, see the California Department of Education (CDE) SARC website at <http://www.cde.ca.gov/ta/ac/sa/>.

For additional information about the CMP Capitol Campus, parents and community members are encouraged to contact the school principal, Bernie Evangelista at bevangelista@cacmp.org, or the school office at (916) 325-0910.

Parent Involvement

Parent participation is an essential component of our program. In the classroom, parents' assistance is provided by reading with students, helping in computer work, making materials, and many other ways. Serving as parent chaperones and drivers on field trips are two of the most important ways parents support the school, as it allows us to provide opportunities for learning outside of the classroom. Help during fundraising events such as the Harvest Festival, Silent Auction, Book Fairs, Art/Wine and Cheese, is a fun way to complete the parent hour requirement. For those who have time constraints during the school day, parents can also take work home to count towards completion of the requirement. Making materials, washing rugs and placemats, and labeling library books, are some ways work from home are done.

Parents are also involved in many leadership roles, including service on the Campus Advisory Council and the CMP Governing Board. Serving on one of the school committees is another way of being involved: Room Parent Committee, Fundraising Committee, Facilities and Safety Committee, Enrichment Committee, Stewardship Committee, & Art Committee. Families who have one child enrolled in the school complete 40 hours of participation during the year; while families with two or more children complete 70 hours during the year.

For more information on how to become involved, contact Principal Bernie Evangelista at (916) 325-0910.

School Facilities

The Jefferson Campus features a large grassy field with soccer and baseball fields, a blacktop area with tetherball and basketball courts, a playground structure, garden boxes, numerous bathrooms, a library, multi-purpose/lunchroom room with stage, 14 classrooms, Resource Room and staff room.

The Jefferson facility, currently leased through June 2016, allows for expansion due to student growth. The school was built in 1963 and a Plant Manager and part time Custodian maintain the facility from 6:00 a.m. to 6:00 p.m. Our sponsoring district, SCUSD, takes care of the maintenance needs of the campus.

Types of Services Funded

California Montessori Project-Capitol received Federal American Recovery and Reinvestment Act of 2009 (ARRA) funds, Federal Local Assistance funds for Special Education through the Yuba County Office of Education Local Plan Area (YCOE SELPA) and Class Size Reduction (CSR) monies.

“The child who has felt love for his surroundings and for all living creatures, who has discovered joy and enthusiasm in work, gives us reason to hope... hope for peace in the future.”

~Maria Montessori

Class Size Distribution Three-Year Comparison

Grade Level	2010-2011			2011-2012			2012-2013					
	Avg. Class Size	# of Classrooms			Avg. Class Size	# of Classrooms			Avg. Class Size	# of Classrooms		
		1-20	21-32	33+		1-20	21-32	33+		1-20	21-32	33+
K	20	2			20	2			24		2	
1-3	18	6			20	6			24		6	
4-5									20	1		
4-6	21		3		22	1	2		32		2	
7-8	11	1			19	1			24		1	

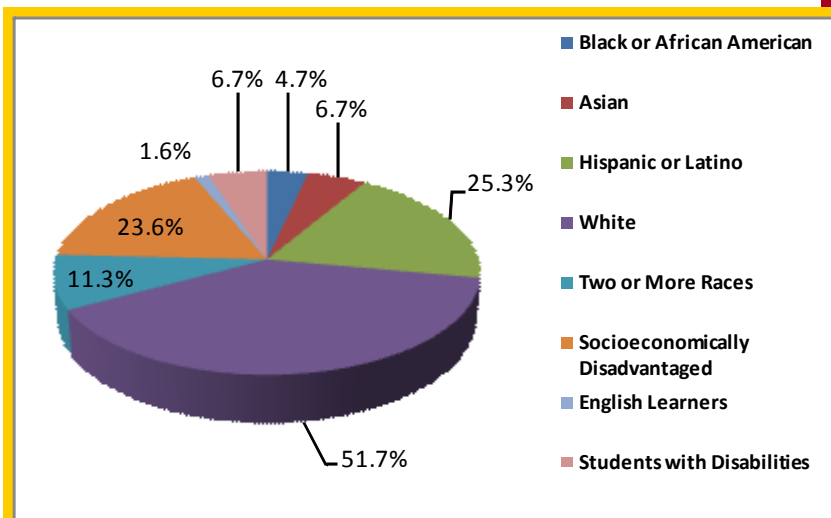

Average Class Size Bar graph displays data over 3 years.

“It is self evident that the possession of and contact with real things bring with them above all, a real quantity of knowledge; instruction becomes a living thing. Instead of being illustrated, it is brought to life. In a word, the outing is a new key for the intensification of instruction ordinarily given in school.”

~Maria Montessori

Student Enrollment by Group Total Enrollment = 300

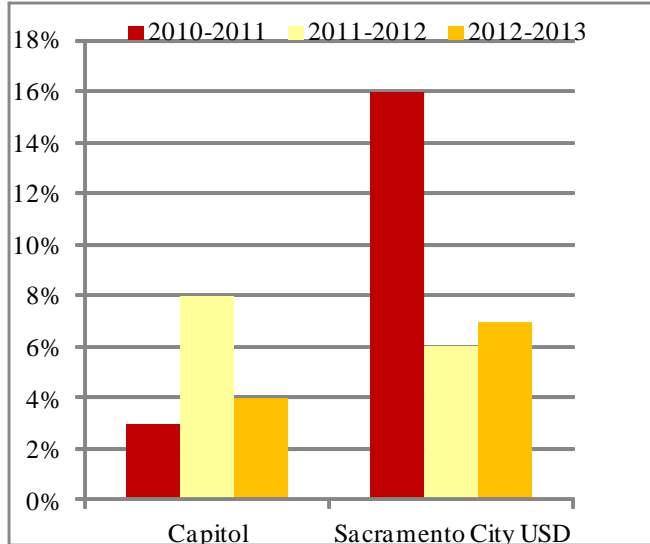

Public Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access is generally provided on a first-come, first-served basis.

2012-2013 School Accountability Report Card
California Montessori Project-Capitol Campus

Suspension and Expulsion Data

Data reflects information for the most recent three-year period. The rate of suspensions and expulsions is calculated by dividing the total number of incidents by the total enrollment.

School Safety Plan

California Montessori has a School Safety Plan and Emergency Preparedness Handbook that are reviewed every year with staff and teachers at each campus. The CMP school-wide Safety Plan was submitted and approved as part of the 2011 Charter Petition in April 2011. Key elements of the Plan include monthly drills and crisis inter-

On what date was the School Safety Plan last reviewed and updated? The Education Code requires that this be done by March 1 each year.	Month	Year
	August	2012

Curriculum and Instructional Materials

CMP-Capitol Campus curriculum and materials used are aligned with California state standards. The school uses state adopted textbooks to complement the Montessori materials. During the 2012-2013 school year, no students were lacking textbooks and instructional materials.

Standardized Testing and Reporting

The Standardized Testing and Reporting (STAR) Program consists of several key tests, including the California Standards Test (CST), California Modified Assessment (CMA), and the California Alternate Performance Assessment (CAPA). The CSTs are multiple choice tests in English-Language Arts, Mathematics, Science, and History-Social Science for varying grade levels. Some grade levels also participate in an essay writing test. The CSTs are used to determine students' achievement of the California Academic Content Standards. These standards describe the knowledge and skills that students are expected to learn at each grade level and subject. The CMA is a modified assessment for students with disabilities who have an Individualized Education Plan (IEP). It is designed to assess those students whose disabilities prevent them from achieving grade-level proficiency on an assessment of the content standards with or without accommodations. The CAPA is an alternative assessment for students with significant cognitive disabilities who are unable to take the CST with accommodations or modifications or the CMA with accommodations.

STAR Test Results By Student Group

Percent of Students Scoring Proficient or Advanced				
Spring 2013 Results				
Group	English Language Arts	Mathematics	Science	History-Social Science
All Students in School	69%	45%	74%	*
Male	59%	46%	92%	*
Female	80%	42%	65%	*
Black or African American	*	*	*	N/A

Socioeconomically Disadvantaged	38%	45%	*	*
English Learners	*	*	*	*
Students with Disabilities	*	*	*	N/A

This chart reflects STAR Results in English-Language Arts, Mathematics, Science, and History-Social Science broken down by student group.

■ Scores not shown when 10 or less students are tested.

Percent of Students Scoring Proficient or Advanced

In order to compare student achievement to state standards, results are reported as performance levels. Students scoring at the Proficient or Advanced level meet state standards in that content area. The five performance levels are: **Advanced**—exceeds state standards, **Proficient**—meets state standards, **Basic**, **Below Basic** and **Far Below Basic**—students do not meet state standards.

California Physical Fitness Test

The California Physical Fitness Test (PFT) is administered to students in grades five, seven and nine only. The table below displays by grade level the percent of students meeting the fitness standards for the most recent testing period. The following six key areas are tested:

Physical Fitness Testing	
Percentage of Students Meeting Standards:	
Grade 5	
Four of Six Standards	10.3%
Five of Six Standards	24.1%
Six of Six Standards	55.2%
Grade 7	
Four of Six Standards	20.0%
Five of Six Standards	20.0%
Six of Six Standards	53.3%

1. Aerobic Capacity
2. Abdominal Strength and Endurance
3. Body Composition
4. Upper Body Strength and Endurance
5. Flexibility
6. Trunk Extension Strength and Flexibility

Academic Performance Index (API)

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. The API is a score on a scale of 200-1,000 that reflects a school's, district's or a student group's performance level, based on the results of statewide testing. An API score of 800 is set as the statewide target.

Each annual API reporting cycle includes a Base and a Growth API. The Base API starts the reporting cycle and is released approximately one year after testing. For example, if the testing occurs in the spring of 2012, the Base API is available in the spring of 2013. The growth API is released after the Base API but is calculated from test results from the following year. For example, for testing in the spring of 2011, the Growth API is available in the summer of 2012. Therefore, for the 2011-2012 API reporting cycle, the 2011 Base indicator and the 2012 Growth indicator are used.

API Ranks – A Three Year Comparison			
	2010	2011	2012
Statewide API Ranks	8	6	6
Similar Schools API Rank	1	1	1

API Testing Note: Data are reported for numerically significant groups only; the group must have at least 50 students with valid test scores who make up 15% of the valid test scores, or have at least 100 students with valid test scores.

■ Scores not shown when 10 or less students tested.

Adequate Yearly Progress (AYP)

The Federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

1: Participation rate on the state standards-based assessment in ELA and mathematics

2: Percent Proficient on the state's standards-based assessments in ELA and mathematics

3: API as an additional indicator

4: Graduation rate (for secondary schools)

Professional Development

CMP is committed to highly trained teachers and dedicates significant resources toward ongoing professional development. Each year, CMP reserves several non-instructional service days for focused staff training and professional growth to include such topics as: Response to Intervention, Special Education, Montessori curriculum development, academic planning and other areas of educational specialty. CMP also offers occasional afternoon and weekend workshop opportunities that directly enhance teaching practices in line with the school's mission and vision. CMP offers induction support (BTSA) for newly credentialed teachers as well as tuition assistance for approved outside professional development events and activities.

Finally, CMP provides both tuition assistance and compensation incentives to teachers pursuing cross certification in Montessori education through accredited training centers. This additional level of teacher preparation consists of a rigorous course of study combined with practical classroom experience. In combination with CMP's entire professional development program, we are confident that the result is highly-trained teachers who are ready to lead our students into the 21st century.

“With regard to the child, education should correspond to them, so that instead of dividing the schools into nursery, primary, secondary and university, we should divided education in planes and each of these should correspond to the phase the developing individual goes through.”

~ Maria Montessori

Teacher Qualifications

This table shows information about Teacher credentials and qualifications.

Teacher Credential Information				
	SCUSD	CMP-Capitol Campus		
	12-13	10-11	11-12	12-13
Teachers	1,817	13	14	14

Core Academic Classes Taught by Highly Qualified Teachers

The Federal Elementary and Secondary Education Act (ESEA), also known as No Child Left Behind (NCLB), requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and have demonstrated core academic subject area competence.

Highly Qualified Teachers		
Percent of Classes in Core Academic Subjects		
	Compliant Classes	Not Compliant
CMP-Capitol Campus	91%	9%

Federal Intervention Program

Schools and Districts receiving Title 1 funding enter Program Improvement (PI) if they fail to meet AYP over two consecutive years in the same content area or on the same API indicator. Each additional year that they do not meet AYP, they advance to the next level of intervention. CMP-Capitol does not receive Title 1 funding, and as such, PI is not applicable. This table displays the 2012-2103 Program Improvement status for the school and district.

Superintendent Salary	\$238,303	\$225,176
Teacher Salaries Percent of Budget	34.2%	38.3%
Administrative Salaries Percent of Budget	5.4%	5.1%

"If education is always to be conceived along the same antiquated lines of mere transmission of knowledge, there is little to be hoped from it in the bettering of man's future. For what is the use of transmitting knowledge if the individual's total development lags behind."

-Maria Montessori
