COMMENTS

This month our focus has been on preparing the environment for the return of our teaching staff. In collaboration with central office, the “clean team” has put in place the safety measures needed to ensure that staff are safe and comfortable.

Professional Development has been and continues to be delivered to staff to support new curriculum and programs designed to supplement the distance learning model. We are refining our distance learning work plans to be in compliance with state mandates outlined in SB98 while also incorporating feedback from our stakeholder surveys conducted over the summer.

It’s been exciting to see our staff and the level of engagement and collaboration among the teaching staff. We are looking forward to the start of the school year next week.
