**COMMENTS**

The teachers and staff are busy preparing for the start to the 2020-21 School Year. The first week of August has been dedicated to Professional Development and Planning Days. The teaching staff has participated in Professional Development opportunities, which have included technology trainings, i-Ready webinars, RAZ Kids training, and new health and safety protocols. In addition, the teaching staff has had the opportunity for collaboration and planning. They have been planning for our start to the school year through Distance Learning, with upgrades to our offerings for students and their parents. Teachers are also scheduling Initial Student/Parent Meetings through Zoom for the first week of school. These individualized meetings will allow teachers to get to know their students, set goals for the upcoming school year, and make plans for a successful Distance Learning program for each family. In addition, teachers are eager to meet their students and their families during a socially distanced Drive Through Parade the week of August 10<sup>th</sup>.

Our office administrative teams have been busy coordinating the distribution of chrome books to our families who requested them through our recent Technology Needs Survey. Families will have the opportunity to pick up those devices, along with their Clever badges which provide for easy login to student accounts, prior to school starting.

The campus safety teams have ensured that all of our classrooms and workspaces are set up for success: socially distanced workspaces for each employee, cleaning and disinfecting supplies and protocols, masks and face shields, and COVID screening/daily health checks. We are all monitoring the team’s commitment to following these safety protocols.

We look forward to a successful and collaboration start to our new school year!
