RE: Immunizations: Delayed Schedules/Conditional Entrants

In limited circumstances, some children who have not received one or more required immunizations may attend kindergarten while they catch up on these immunizations. Children are considered conditional entrants if they:

- Are behind schedule, have received at least 1 dose in a series and the deadline for the next dose has not passed
- Have a temporary medical exemption.

CMP students who are on a delayed schedule and need to catch up on their immunizations need to provide a temporary medical exemption from their pediatrician that includes what vaccines need to be postponed and or delayed and a timeline of when the child can be immunized that includes a date. Please refer to the following chart as an example for the timeline needed from the doctor:

MO/DY/YR: DTaP #1
MO/DY/YR: Hep B #1
MO/DY/YR: Polio #1
MO/DY/YR: DTaP # 2
MO/DY/YR: Hep B #2
MO/DY/YR: DTaP # 3
MO/DY/YR: Polio #2
MO/DY/YR: MMR #1
MO/DY/YR: Varicella #1
MO/DY/YR: Polio #3
MO/DY/YR: Hep B #3
MO/DY/YR: MMR #2
MO/DY/YR: DTaP #4

Please be aware students who are admitted conditionally may be excluded from school if an outbreak occurs and they have not yet received the vaccination.

If you have any questions please contact your campus admin office or call the Student Services Office at (916) 971-2432.
